Block Assembly

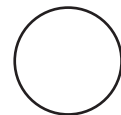

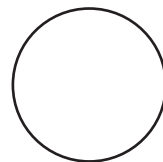

- Take the background square and press in half in both directions. This will help with positioning the vase.
- Applique all pieces in place using the design template as a guide. I chose to needle turn this block but please use your favorite method of applique.
- Once you have completed the applique, backstitch the stems using embroidery floss – 1 strand or 2 if you would like bolder stems.

Finishing the Block

- Trim block back to 6 1/2" x 6 1/2" square, taking care to trim from all sides keeping your design centered.
