

Sewing Machine

for the Splendid Sampler™

Pat Sloan

Finished Block Size 6" x 6"

The day I walked into 9th grade Home-Ec class and the teacher asked us to 'turn on the machine,' my life changed forever. I discovered not only a new skill, but a new hobby, new friends, and ultimately a new life with my own design business. I have owned my own sewing machine since 9th grade and have sewed clothing, my wedding dress, curtains, pillows, and quilts. Many, many quilts. I can't thank my parents enough for buying me that first machine so I could sew in the dining room, sew in my college dorm, and sew my entire life.

Requirements

- ✦ 1 square - 6 ½" x ½" for background (A)
 - ✦ Assorted scraps for machine (B), Machine Base, Spool, Fly Wheel (C), Heart (D) and Circle (E).
- Hint: Use a fun word fabric for the Circle.

- ✦ Light Fusible web

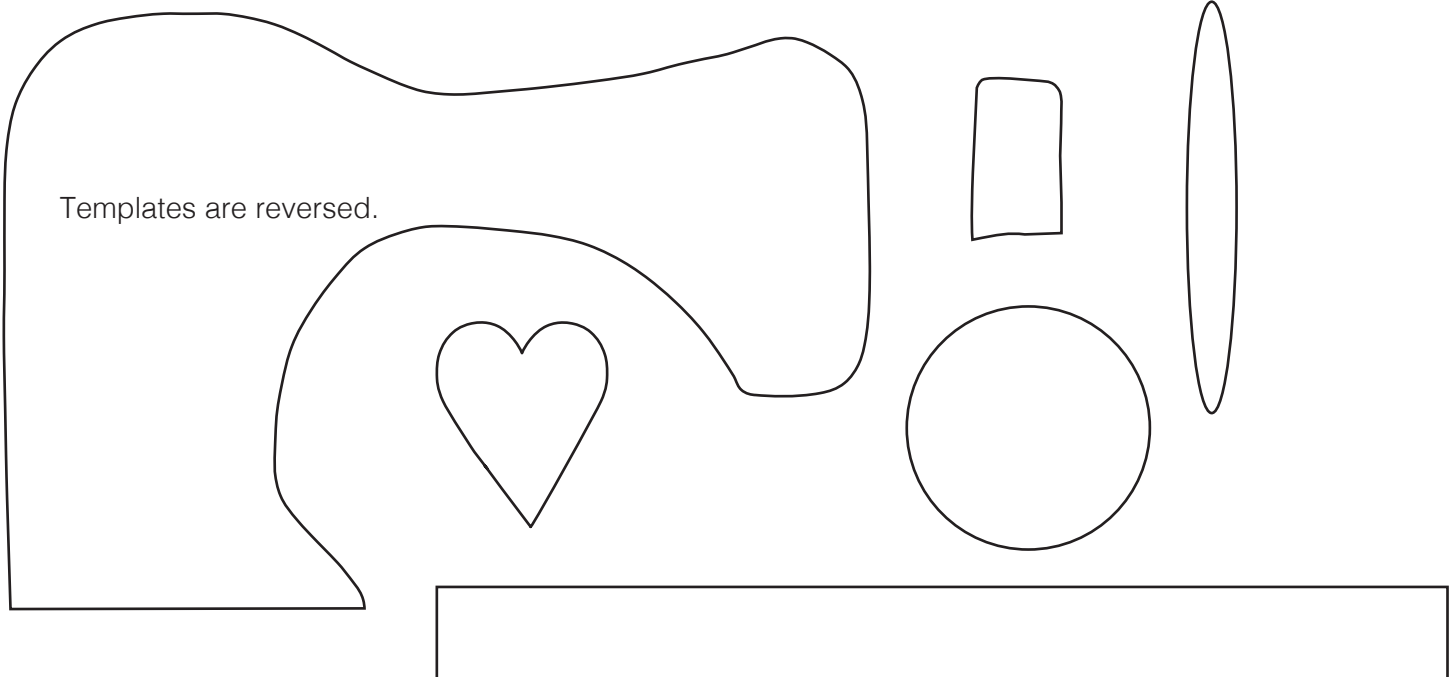

Preparation

1. Trace the templates on dull side of fusible web. Cut out leaving ¼" distance from the traced line.
2. Press on wrong side of fabric. Cut out on the traced line. Peel fusible backing paper away.

Block Assembly

3. Lay out the sewing machine, placing the base on top of the machine to cover that right edge.
4. Fuse in place.
5. Using your favourite applique stitch, applique the machine to the background.
6. Using 12 wt Aurifil thread (or 2 strands floss), embroider the needle with a back stitch or stem stitch.
